OBJECTIVE

I want to be a self-reliant person. I hope I will be a very good professional and will have significant contribution for the society and country.

EDUCATION

Bachelor of Science in Software Engineering | University of Dhaka

JANUARY 2016 – DECEMBER 2019

I am currently in 3rd year of my 4 years graduation program at University of Dhaka. My current CGPA is 3.78. Here I am mainly taking courses on Programming, Software engineering, Networking, Database management etc.

Intermediate of Science | Chittagong College

AUGUST 2013 – JUNE 2015

I completed my HSC graduation with a Grade Point Average of 5.00

EXPERIENCE

I have not completed my graduation yet and have no job experience.

SKILLS

- Programming language : C,C++,Java, Php, Javascript
- Database manipulation
- Networking
- Motivating skills
- Ability to adapt easily

ACTIVITIES

I am continuing my journey here at IIT, DU with great pleasure. I have a decent academic result. Besides I take very active part role in co-curricular activities as well. I play regularly in the department football team. Sometimes I participate in the programming contests.
